The following conditions will cause your Portfolio Submission to be denied -

- Photos of a set you did during a lesson - your Portfolio Submissions should be additional to your lesson work
- Photos that are out of focus
- Photos previously submitted by another student or by you but for a different submission
- Incorrect poses or not all photos provided
- Sets where it is obvious that the client was put at risk, for example cuts, abrasions, or an excessive amount of product on the skin

All submissions must show **both** hands of a full set. You cannot submit one hand only. You must also take four specific photos of each set. These are shown in the Portfolio Submissions Guide.
