

NOTES -

Sizes, colours and other variables may vary based on the stock we have at the time. For example if we run low on Bright White Powder we will supply Soft White. If we run low on 120ml Monomer we will change it to 240ml. The contents will ALWAYS however, cover what is needed to complete the course and substitutes of equal value and quality may be provided in order to achieve this.

In rare occurrences, a smaller sized product than the one indicated on this list may be supplied. In that case, please note that by completing this subscription, you are already receiving an approximate 10% discount despite increased costs associated with administrating this service. We will never decrease substitutions to a point that the entire discount is lost, but the exact value of the discount is not specific or guaranteed.

Please do not book lessons until a Track n Trace for the corresponding kit inclusions has been sent to you.

The Lesson order prescribed below is a suggestion and not at all compulsory. It just allows us to space out your Kit Supplies to match the payments being made, while also giving you clarity on when each lesson can potentially be booked.

The \$250 Coupon will only be sent in Week 52 if ALL payments have been made automatically, on time, without our team needing to follow up. If any payments are missed, all 52 payments are still required to be made to cover additional administration associated with processing, packing and posting the kit in increments where these costs would not be incurred were the kit sent in one package. The PolyGel, Soft Gel Extension, Art and E-File items will be delayed until Week 52 to ensure these payments are made and a one month extension provided to ensure lessons can be completed.

Week	Scheduled Payment	Total Paid	Suggested Module	Suggested Lesson	Item	Value
1	\$50.00	\$50.00	The Theory of Nails	There are no Live Lessons for Theory
